

CHEMICAL ENGINEERING

Graduate Studies at Queen's University

STUDY AMONGST A DYNAMIC GROUP OF
AWARD-WINNING RESEARCHERS STRONGLY
COMMITTED TO RESEARCH, GRADUATE
SUPERVISION AND TEACHING AT A NATIONALLY
AND INTERNATIONALLY RECOGNIZED RESEARCH
UNIVERSITY.

We offer research based MAsC and PhD programs with minimum funding levels of \$25,000/year. We also offer a one year course-based MEng program.

AREAS OF RESEARCH

Biochemical Engineering

Biomedical Engineering

Environmental Engineering

Fuel Cells

Macro-molecular Processes and Products

Microfluidics & Biosensors: Electrokinetics

Process Systems Engineering

Located in beautiful
downtown Kingston
on Lake Ontario
